- If an athlete completed a physical form and turned it in earlier this year for a winter sport, they should already be on a sports roster. They can stop in the high school office and check with Mrs. Bright.
- If an athlete did not play a fall sport and did not complete a physical packet yet and would like to play a winter sport, they should complete a full physical packet and turn it in to the high school or middle school office. Section 6 needs to be completed and signed by a physician.

Happy Dia de los Muertos Everyone! It is that time of year again when we remember our deceased loved ones in the Weiser tradition of a cross-curricular Day of the Dead celebration in the LMC. To contribute to the learning experience, we are making this year's exhibition a multi-media, interactive display. Please introduce your students to a smart device App called Aurasma. This app will allow students to view additional educational materials including videos and images relating to different aspects of the exhibit independently through a self-guided tour. To join us on this virtual journey, students, and teachers, will need to download the free Aurasma app onto their smart device. Once the app is downloaded you will need to create an account, then follow **a_schmidt's Public Auras**. Please have students do this in advance of Tuesday. During the Day of the Dead celebration, using ear buds, participants will be able to view the virtual extension of the exhibit by scanning images at stations in the library which will access the additional informational videos. We will have tour guides demonstrating this process before you enter the exhibit on Tuesday.

All **NHS members** should plan to attend our meeting on Tuesday November 1 during MPP in room C207. Agenda items will include fundraising, induction, and pilgrims for the Greater Reading Food Bank.
