## Pennies for Patients Thought Of the Day:

### Did You Know:

- There have been 11 different designs featured on the penny.
- There are more than 130 billion one-cent coins currently in circulation.
- Since its beginning, the U.S. Mint has produced more than 288.7 billion pennies. Lined up edge to edge, these pennies would circle the earth 137 times.
- Sometimes a penny is worth more than a penny. If you think you're seeing double, save that coin. A 1955 penny has a "double-die date." In uncirculated condition – not a blemish on it – it's worth about \$27,000. Even in less than perfect condition it'll fatten your bank account to the tune of \$570.
- An average of 1,040 pennies are produced every second, adding up to 30 million a day.

The fact we all would like to know, who will have enough pennies in their jug to be safe, Mr. Buck? Of Ms. Minch?

*Attention all 5<sup>th</sup> and 6<sup>th</sup> graders: Movie Night is coming on Friday, March 3<sup>rd</sup> from 3:00 – 5:00pm in the LGI! Come out to see “Middle School: The Worst Years of My Life.” Bring \$3 and a signed permission slip that afternoon.*

~Clubs & Activities~

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. Each year, we celebrate National FFA Week. The theme for 2017 is "Transform: Purpose to Action." Please accept our pencil at the end of this week as a gift for you to transform your schoolwork, your education, or maybe even the message of agriculture!
