<p>1. Purpose</p> <p>2. Guidelines</p>	<p style="text-align: center;">209.1. HEAD LICE</p> <p>The Board is committed to maintaining a healthy environment for students and staff. To fulfill that commitment, the Board establishes this policy to provide guidelines for the prevention and control of head lice in students.</p> <p>At any time during the school year, the school nurse may examine a student for head lice. If nits or lice are identified the following procedures shall be implemented:</p> <ol style="list-style-type: none"> 1. The student will be isolated from classmates and excluded from school until treatment is concluded. 2. The parent/guardian will be immediately contacted to pick up the student. 3. The school nurse will provide information to the parent/guardian regarding treatment. 4. The school nurse will examine the student's siblings and other close contacts. <p><u>Readmission</u> After treatment with an FDA approved lice product has been completed, the following procedures shall be implemented:</p> <ol style="list-style-type: none"> 1. The student shall not attend classes or ride the bus until examined by the school nurse. 2. After contacting the school nurse for an appointment, the parent/guardian shall accompany the student to school. 3. If upon examination the student is found to have head lice or nits, the student will be denied admission. 4. After the student has been cleared to return to classes, the nurse will continue to check for head lice or nits because of the risk of reinfestation. The student will be checked as often as deemed necessary by the nurse.
