Dear Parent:

Conrad Weiser Middle School has some great news! We've joined the Cartridge World Recycling Program. This program provides a convenient location for collecting inkjet and laser cartridges while it raises funds for our school. Our school will receive money for the cartridges we collect from parents, community members, and businesses.

Here's how the program will work: teachers, students, parents, friends, business leaders and community members drop off their empty inkjet and laser cartridges at the school. A Cartridge Collection Bin, clearly marked and accessible during normal school hours, will be placed in auditorium lobby. Periodically, a Cartridge World representative will pick up the empty cartridges collected at our school. Those cartridges are counted and their value is determined. Cartridge World will then deliver a check to our school. The more cartridges we collect the more money we receive for our school. Typically the most popular laser and inkjet cartridges that provide us with the most value are HP, Dell, Canon, Epson, Sharp, and Lexmark but all types are accepted.

Not only is this an easy way to raise school funds, but it also teaches our students valuable lessons about the variety of materials that can be recycled as well as help them develop lifelong patterns of recycling. We hope you will start bringing your empty laser and inkjet cartridges to the Conrad Weiser Middle School immediately to help us raise funds. In addition, you can bring in cartridges from your family, neighbors, or employer.

Cartridge World refills and remanufactures all inkjet and laser cartridges at their store – if you would prefer to have your cartridge remanufactured at approximately 30% cost savings you can take your cartridge in, tell them you are supporting the school's recycling program and they will credit us with your business – another source of fund raising.

Start saving your cartridges today. We look forward to your enthusiastic participation!

Thank you,
Conrad Weiser Middle School PTO
